LOCATION OVERVIEW

INVEST IN WARNER CENTER

WARNER CENTER 2035 SPECIFIC PLAN

The Warner Center is a thriving hub for leading corporations across media and entertainment, insurance, healthcare, technology, and finance, making it a premier destination for business.

LA City has adopted the Warner Center 2035 Specific Plan, a visionary blueprint for high-density, transit-oriented development. This plan positions Warner Center as a vibrant, pedestrian-friendly district designed to foster a dynamic “Live/ Work/Play” lifestyle.

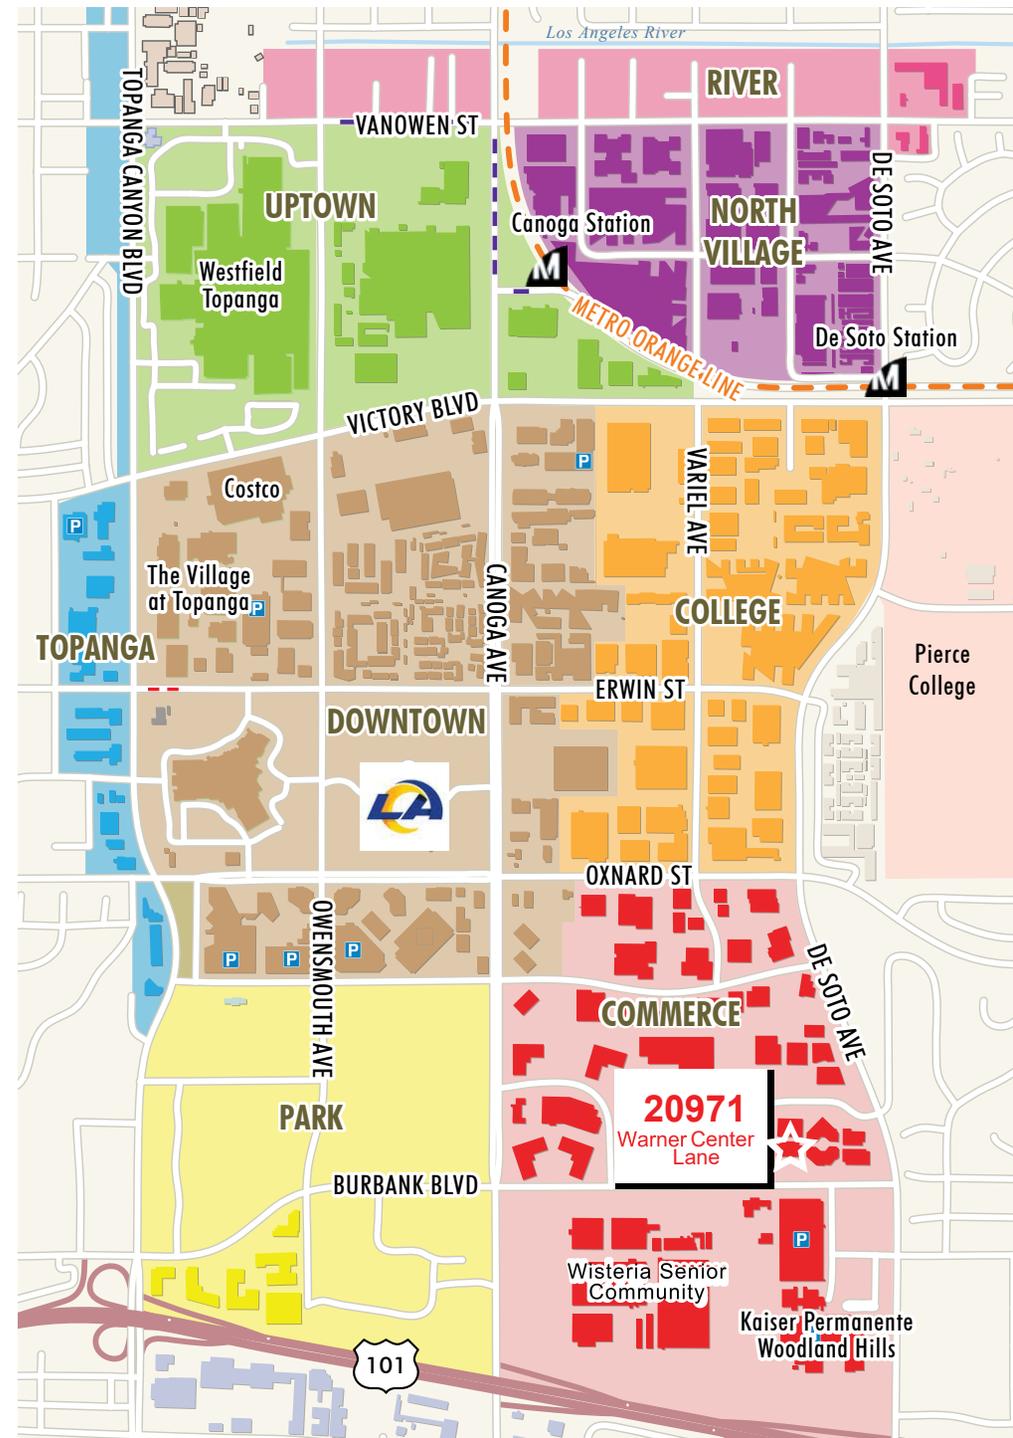

Spanning approximately 1,100 acres and bounded by the Los Angeles River, Ventura Freeway, De Soto Avenue, and Topanga Canyon Boulevard, the Warner Center is poised for sustained success and is an ideal location for commercial property investors.

COMMERCE DISTRICT

20971 Warner Center Lane is located in the Commerce District.

The Commerce District is intended to be the most “jobs-rich” district, providing flexible-employment uses such as hybrid industrial, hospital, healthcare related uses, media production and research and development and associated retail. New pathways and new streets are expected to improve pedestrian circulation within the District. The Commerce District will serve multiple modes of transit to provide complete modal networks within the plan area.

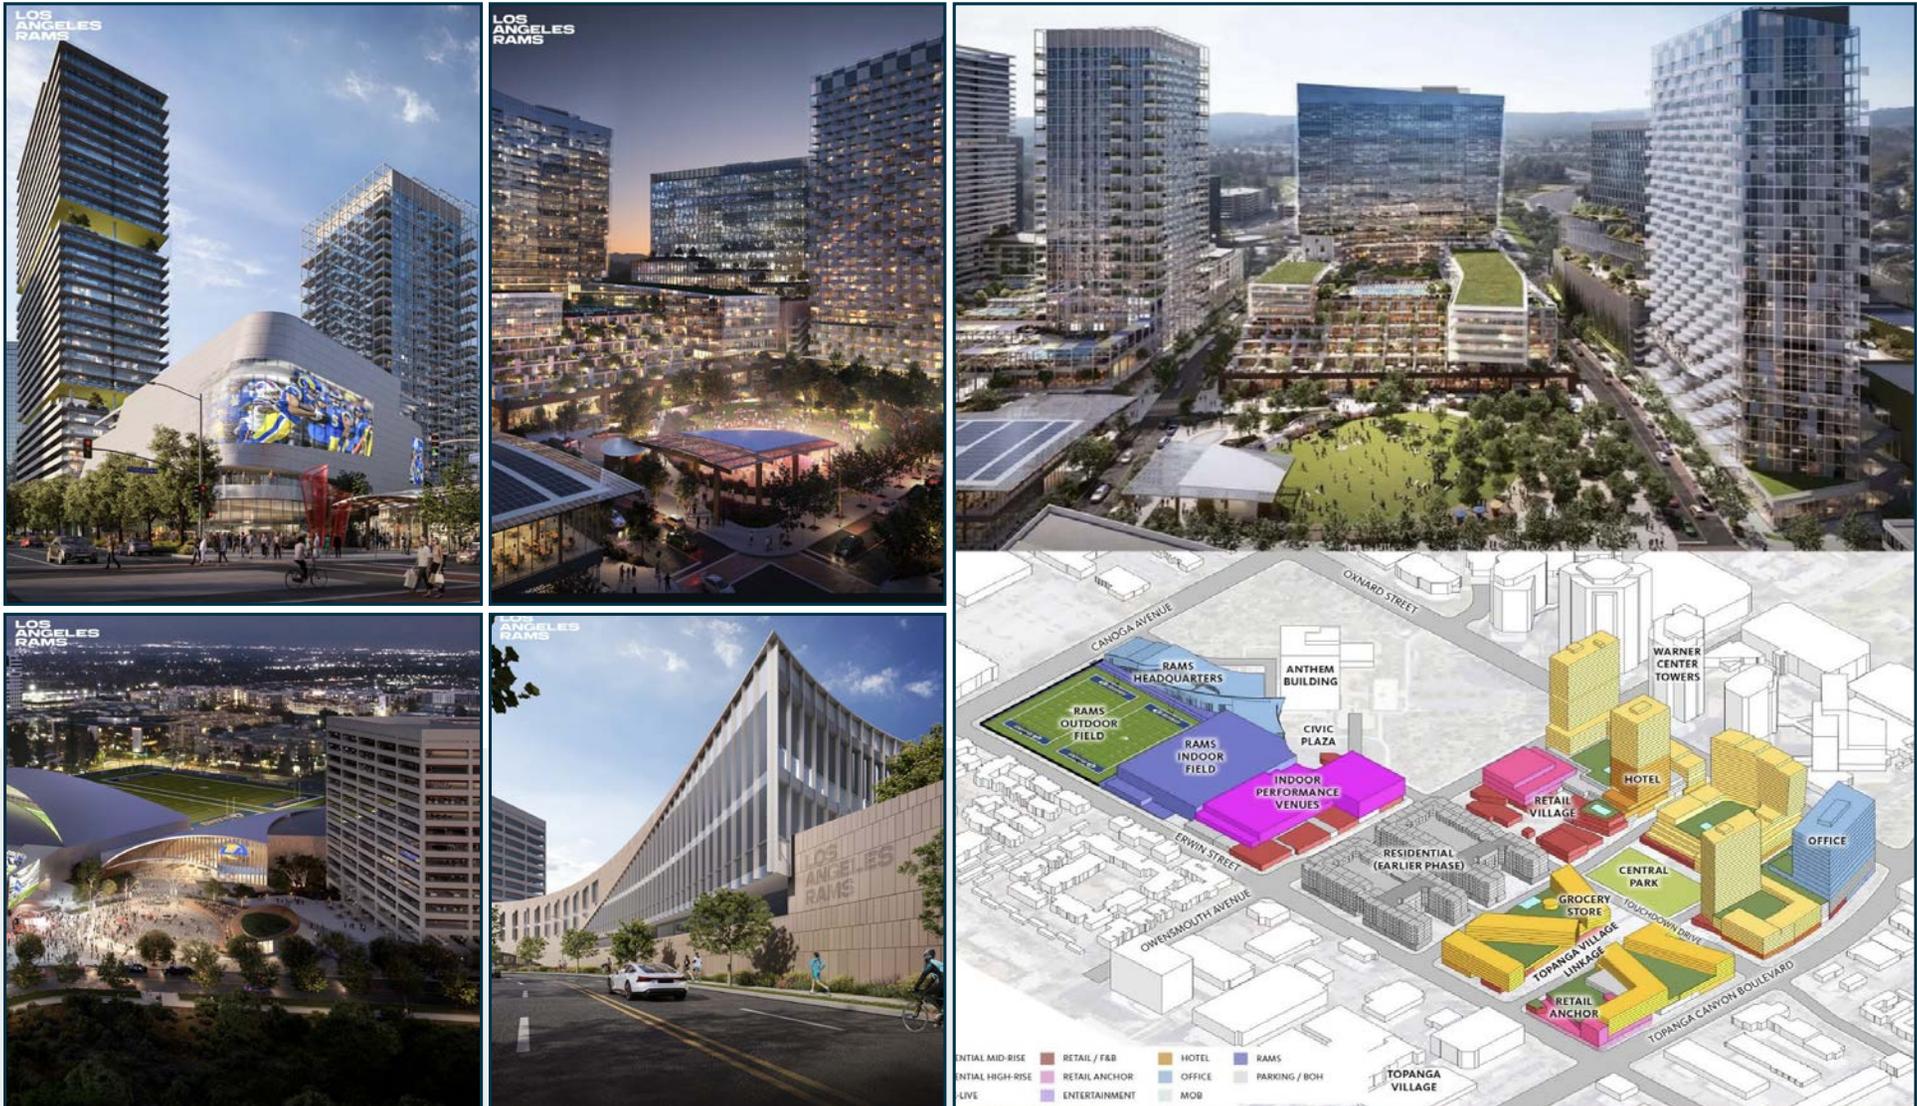

The Commerce District permits future developments to build 50/50 split of residential and commercial uses with a base maximum FAR of 4.5:1.

RAMS DEVELOPMENT

- The Kroenke Organization has unveiled ambitious plans for a 52-acre mixed-use development in Warner Center known as Rams Village at Warner Center, part of nearly 100 acres of property the organization acquired starting in 2022, including the Promenade mall and the former Anthem office building.
- Beyond the Rams' facilities, Rams Village is envisioned as a dynamic live-work-play neighborhood, offering a rich blend of residential units (including high-rise, mid-rise, and live-work styles), nearly 2 million sq ft of retail and office space, a hotel, and two performance venues (one 5,000-seat, one 2,500-seat) for concerts, awards shows, and events

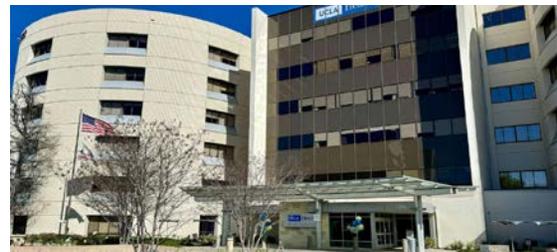

HEALTHCARE EXPANSION IN THE WEST VALLEY.....

UCLA Health acquired the 260-bed West Hills Hospital in 2024, rebranding it as UCLA West Valley Medical Center. Located in West Hills, the hospital sits on a 14-acre campus and significantly expands UCLA's inpatient capacity in the San Fernando Valley. The facility features a 24/7 emergency department, ICU, surgical suites, a dedicated burn center, and advanced cardiac services—all now integrated into UCLA's broader healthcare system.

This acquisition reflects the continued growth of the healthcare sector in the West Valley, driven by rising demand for regional medical services and access to specialty care. Properties in Warner Center—especially those suitable for medical conversion—are well-positioned to meet this demand. The growth of the healthcare services in the West Valley makes 20971 Warner Center Lane a compelling opportunity for medical office users seeking alignment with the expanding healthcare corridor.

Located just south of 20971 Warner Center Lane, **Kaiser Permanente** has significantly expanded its presence in the West San Fernando Valley, reinforcing Woodland Hills as a key regional healthcare hub. The Woodland Hills Medical Center recently underwent a major modernization, adding a five-story, 276,000-square-foot expansion that includes a larger emergency department, additional operating rooms, and upgraded patient facilities.
